American Airlines brings back same day standby

Effective July 1, 2025, American Airlines has reinstated gate-based same-day standby at all U.S. domestic airports.

This update allows all travelers, regardless of loyalty status or mobile access, to request standby at the gate for alternate flights departing from the same origin city.

- Standard travelers may request standby up to 45 minutes before departure.
- Elite status travelers may request standby up to 15 minutes before departure.

This change brings added flexibility for travelers navigating shifting plans or full flights.

As always, CTM stays ahead of industry updates to ensure you're informed, prepared, and ready for takeoff.
