### Hand Sanitizer & Face Masks for Travelers

This past week many airlines announced they are requiring face masks for all staff and passengers who are flying in the future.

Many of the airlines said they would make face masks available at the check-in desk or gate. We do not know at this time if they will provide them for free or for an additional cost. Needless to say, travelers will probably want to have a few spare face masks handy before you head to the airport.

Also, many people who travel in cars and check into hotels will probably need these as well. With this in mind, CTM would like to provide a vendor recommendation. TagS Marketing is a corporate apparel and promotional products company that has been providing CTM and many other companies with **sanitizer (liquid, gel, wipes), masks, germ keys, and other PPE items** that you may be looking to acquire for your offices and travelers.

Please reach out to Steve Taggart for more information about any products you may be looking for!
